Abstract

This template is a full-text paper preparation template for Internaional Conference on Data Science and Applications (ICONDATA). In this section, a short summary should be given, which highlights the novelties of the study and shows its main findings. Cambria font should be used in the whole template. Abstract text should be justified and should be 11 points. The abstract should contain between 100 and 350 words and expressions that do not include common abbreviations, citations, equations, subscripts or superscripts. It can contain 3 to 5 keywords.

Keywords: Data Science, Conference, ICONDATA, Template
